

## **FISCAL NOTE**

### **HB 337 - SB 562**

March 13, 2007

**SUMMARY OF BILL:** Requires all public schools to provide a minimum of three hours of instruction in safety hazards, such as drugs, alcohol, weapons, bomb threats, fires, violent incidents, and Internet risks.

#### **ESTIMATED FISCAL IMPACT:**

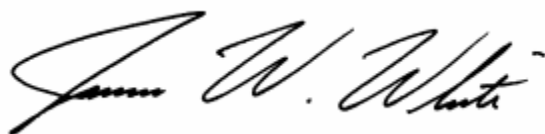

##### **Increase State Expenditures – Not Significant**

##### Assumptions:

- According to the Department of Education, the course of instruction already includes at least three hours of “safety hazard” instruction.
- Since curriculum revisions are made periodically, any cost associated with adding instruction standards to an existing curriculum is estimated to be not significant and can be done during the normal course of business.
